OVERVIEW

The CBP 6000 (back-office) and CBP 8000 (self-service) print personalised, secure chequebooks that meet banking standards, on demand and autonomously: in a processing centre or inside a self-service machine.

Key functions

- CBP 6000 · back-office: centralised, secure management, volume production, full traceability, industrial performance.
- CBP 8000 · self-service: 24/7 availability, full customer autonomy, instant distribution, flexible installation (front or rear).
- Flow: capture of customer data, bank system integration, print set-up, secure printing, distribution or handover to the customer.
- MICR encoding CMC7 / E13B with built-in verification.
- Security: strong authentication, encryption, TLS / SSL, audit and traceability.
