UL291

secure safe

OVERVIEW

A compact, robust and secure solution for automated cash deposit, designed for banks, fintechs and agent networks. Small footprint, available with a secure safe or a collection-bag system.

Key functions

- Compact and practical: easy to install in tight spaces.
- Flexible: with secure safe or collection-bag system.
- Simplified maintenance: open design for quick access.
- Enhanced security: certified safe, anti-intrusion protection.
- Intuitive touch interface, instant deposit confirmation.
- SmartSuite™ software: supervision, monitoring, proactive maintenance alerts, audit log, reporting, core banking integration (API / middleware), multi-site management.
